Booking Contract

Dear Party Host,

We are thrilled you've chosen to have your special event with us! We are committed to providing you with excellent customer service ensuring a smooth and enjoyable experience. In order to make your event the best it can be, we ask for your cooperation in observing our policies.

What Happens the Day of Your Party

Check-In Time

Please check in at the snack bar with an Arcade Attendant to let them know that you have arrived. We can get your things on a cart to move into your room, which will be available 10 minutes before your scheduled party time. We are unable to accommodate an earlier check-in time.

The Arcade Attendant will give you the token loot bags for all your guests, pre-filled with the purchased amount of tokens, and a door code to access the StarBase room. Our staff will welcome guests as they arrive, and give them access to the StarBase room and help orient them to the space. We ask that you distribute token bags directly to your guests, either in the party room or in the arcade, as you know your invite list best.

Should more guests arrive than you initially planned, simply notify the Arcade Attendant on shift, who can add more guests to your party and get you some additional token loot bags. The same per-guest fee will apply, and the additional amount must be paid immediately. No refunds will be given if fewer attendees come than planned, however, you'll still have the extra token loot bags purchased which can be distributed among other guests.

Based on the time of day, we may not be able to accommodate large numbers of additional guests, added the same day of the event. For this reason, we ask for as much notice as possible if you have a change in plans for your celebration.

Access Code

Each party will get their own unique code to lock the party door. This is to allow you to keep personal belongings, gifts and food/bev available only to your guests.

The door on Capital Avenue connected to the Party Room is **NOT** to be used for Party Hosts or Guests. Everyone must enter through the front lobby on State Ave.

For Parties with Pizza & Beverages

Once all of your guests have arrived, an Arcade Attendant will come by to take a drink order - a selection of sodas, juices, and energy drinks. Your Party Host will also confirm the 1-topping for the pizza(s). Each guest will have, on average, access to 2 slices of pizza. Bottles of water, standard paper plates, flatware and napkins are included in party and exclusive use rentals.

Bring Your Own Sweets

You are welcome to bring in celebratory sweets like cake, cupcakes, and ice cream. You will need to bring all serving utensils for this. We ask that you do not bring in any other outside foods or beverages unless otherwise agreed upon by the Owners. Requests to bring in other outside foods and/or beverages may incur an additional charge.

For Birthday Parties

We recommend starting your party inside the party room so you can distribute tokens, drop off gifts, and get everyone's drink order. Then, go out and game! We recommend taking the last 45 minutes of your party to reconvene in the StarBase room to eat pizza, open gifts and have your sweets! We'll help you gather all of your party guests when it's time and we will alert you when you have 10 minutes left in the party to wrap up and get your things ready to go. We ask that you leave the StarBase room completely at the end of your scheduled party. If you are more than 5 minutes late in completely vacating the StarBase, we will enact a \$5/min charge, which will be taken out of your deposit. You and your guests are welcome to stay and play in the arcade, so long as it's at a time we're otherwise open to the public.

For Exclusive Use Parties

We want to help you make your big event unforgettable. We can help you set the mood of the lighting and music/playlists of your choice, and we can also explore facilitating various team building activities like mini tournaments. When booking exclusive use parties, we will work closely with you to make your vision come to life as much as we can. Some customizing may incur additional charges, which we will detail with you along the way.

Reserving with Deposit & Deposit Return

In order to reserve a date and time for your event, payment must be made in full, in addition to a \$100 refundable damage deposit. Deposit is held until after your party concludes.

A full deposit is returned if:

- No damage occurred in the StarBase
- There is not a significant clean-up needed
- The StarBase was completely vacated at the scheduled end time

The same day of your party, we will assess and issue your deposit return. It can take up to a week for the deposit to be returned to your account.

Refund Policy

In the event that you need to cancel your booking, we first will offer that you reschedule your event for another time. If you will not be rescheduling, we offer the following refund policy:

- If canceled 30+ days prior to event: full refund, minus a \$25 cancellation fee
- If canceled 7-30 days prior to event: 50% refund
- If canceled 48 hours - 6 days prior to event: 25% refund
- If canceled fewer than 48 hours prior to event: No refund will be given

Code of Conduct

Take care of the games & the space

All party guests must treat the games respectfully, and play the games as intended. If any damage occurs due to irresponsible use during your scheduled party rental, you assume all responsibility for the cost of repair or replacement at the designation of a 3rd party assessor.

Children must be supervised

All children must be supervised by an adult at all times. Children under 14 cannot be dropped off for private events unless another adult agrees to be their supervising adult. Supervising adults assume all responsibilities for the children they supervise, which includes being responsible for charges due to any damages incurred or significant clean-up needs.

We ask that children not run or yell/scream within the main arcade space as to not disrupt other customers. We know they are probably excited and maybe even hyped

up on sugar, but please make sure to monitor your children and guests behaviors, particularly during times where your guests may share the arcade with the public.

If guests of your party are behaving in a manner that is deemed unsafe towards other people or equipment, such as but not limited to: throwing skee-balls, rocking machines back and forth, bullying or harassing others, banging machines, shouting, etc., Management may ask those guests to leave, or may cancel the party altogether. Should this happen, no refunds will be given.

Recommended age for parties

We recommend birthday parties be reserved for children 8 years old and older. While younger children are welcome, we find that this age can both appreciate arcade games as well as know how to play with care.

Children are required to be supervised at the arcade at all times, including during parties; therefore, supervising adults in attendance do not need to pay as a guest.

Keep to the scheduled start/end times

Please observe and respect the booking times of your party. You can check in 10 minutes early from the start of your scheduled time so that you can get acquainted with the space and start to settle in. We will work with you on a party schedule that will ensure your party guests get a full and fun experience. We will give you a 10 minute reminder when the party is almost over so that you can wrap-up. We ask that you, your guests, and belongings are completely out of the StarBase at your party's scheduled end time. If you stay in the room beyond your scheduled end time, we enact a \$5 a minute fee, which will be deducted from your deposit. This is to ensure that each party's scheduled time is protected. We hate to enact this stringent policy, so please make sure everything is concluded by your scheduled end time.

Special Terms

Should the Party Host and Owners come to special terms for a booking, those specified terms will be in written confirmation.

Damage Liability Acknowledgement & Waiver

All guests of the arcade and the StarBase party room must treat the games respectfully. This means no hitting, slamming, or banging on any part of the machine; no moving or tilting machines; no drawing, etching or creating any graffiti on any machines nor on any property within the arcade and party room; no putting stickers or other adhesives anywhere on machines and property; no pulling excessively or hanging on levers or joysticks; no intentionally jamming buttons, no manipulation of the token mechanisms, no unplugging or turning off/on games. If any damage is incurred during your scheduled party rental by one of your party guests (including supervising adults), you assume all responsibility for the cost of repair or replacement assessed by a 3rd party assessor.

By signing this contract, you are acknowledging that you've read, understood and will be accountable for these terms and conditions for your scheduled event.
